ABOUT ME

Web Developer with expertise in building responsive, high-performance web applications using React.js, Tailwind CSS, and SvelteKit. Experienced in creating SEO-optimized, user-friendly websites and transforming complex designs into clean, scalable code. Proficient with Jekyll, WordPress, React Native and other full-stack technologies including Node.js, Express, and MongoDB.

WORK EXPERIENCE

Biralo Studio – Nuremberg, Germany

City: Nuremberg | Country: Germany

Web developer

[01/01/2025 – Current]

- Built and optimized responsive websites from creative designs, implemented SEO strategies, and migrated legacy Svelte 3 code to Svelte 5 for better performance.
- Set up tracking infrastructure to support performance marketing and sales, enhancing data-driven decision-making.

Code Dot Solution – Bagmati, Nepal

City: Bagmati | Country: Nepal

Frontend Web Developer

[30/06/2024 – Current]

- Converted complex Figma designs into responsive web pages using React.js, HTML, and CSS, improving load speed and cross-browser compatibility.
- Enhanced mobile responsiveness and usability, contributing design input that led to 95% user satisfaction.

OkayJourney Pvt Ltd – Maitrinagar, Nepal

City: Maitrinagar | Country: Nepal

Frontend Web Developer Intern

[23/12/2023 – 22/02/2024]

- Engineered high-performance web pages with HTML, CSS, React.js, and JavaScript, boosting SEO rankings by 25% through optimized structure and speed.
- Elevated organic traffic by 20% on Google and Bing through strategic content structuring and enhanced indexing practices.

PROJECTS

[17/03/2024 – 10/06/2024]

Collab - Crowdfunding Platform

- Developed a multi-page crowdfunding platform with React.js and Tailwind CSS, delivering a modern, fully responsive user interface.
- Built a robust backend with Node.js, Express, and MongoDB, and integrated Stripe, achieving a 98% transaction success rate.
